

Account of Trauma

Introduction

This account may be used in a court case or claim for compensation and therefore it must be accurate and complete.

It is essential that everything is included including all injuries, all alterations of sensation, all damage to teeth, crowns and fillings ect.

You might also want to include any worries about the treatment required or how nervous or stressed you are as a result of the trauma.

Remember it should be complete and accurate.

Could you please give an account of the trauma?

Please include:

Dates	times	location	what happened
-------	-------	----------	---------------

List of damage cause including any bleeding or soft tissue injury,

What you did to sort out the problem

Reason for delaying seeing a dentist,

Any other associated injuries

Plus anything else you feel might be relevant
