

Orthodontics At The Hub Dental Practice

We offer a full range of orthodontic treatment for adults and children. Dr Tzamalass is very experienced Specialist Orthodontist and has a reputation for extremely good results. He is both patient and very easygoing.

Dr Tzamalass offers the full range of orthodontics including "Clear Braces", "Lingual Appliances" as well the usual "Train Tracks"

Appointment Times

We offer ALL DAY SATURDAY appointments with the Dr Tzamalass, as well as LATE EVENINGS as well

**At The Hub Dental Practice
Orthodontic Treatment is provided by
Specialist Orthodontist
Dr Konstantinos Tzamalass
DDS, MSc (Lond), MOrth RCS (Ed)**

Konstantinos graduated from the National and Kapodistrian University of Athens in 1997.

After one year of military service in the Oral Surgery Department of the Naval Cadet Officers Academy in Athens, Konstantinos worked as a general practitioner at his private practice.

In 2007 he moved to Germany where he trained for two years at a specialist orthodontic center in Rheda-Wiedenbrueck.

After that he successfully completed the Master of Science Degree in Orthodontics at the prestigious Guy's Hospital in London.

He has worked as a specialist registrar at King's College Hospital and holds a Membership in Orthodontics from the Royal College of Surgeons of Edinburgh.

Before and After Orthodontic Treatment

Our experience is that Private patients expect not simply the best treatment but they also be able to have their appointments at a time convenient to them.

This is why we offer SATURDAY and SUNDAY appointments.

General Orthodontic Treatment Options

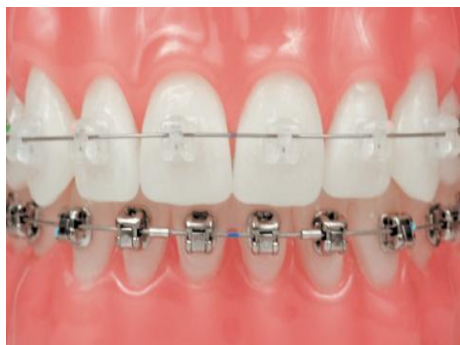

We offer a full range of Orthodontic treatment and have years of experience offering high quality care and getting very good results.

The best results are almost always got from fixed appliance (Brackets). The results are very predictable and the results are generally quicker than the clear plastic trays.

We offer all these options

We also believe that they want to be able make an informed decision about the treatment options as well as the costs. Our goal is to achieve both.

Clear on Top Teeth and Normal on lower Teeth

Normal Top Teeth and Normal on lower Teeth

Braces on the inside (Tongue Side)

Mix of Clear and Normal

Invisalign Removable Braces

Orthodontic Retainers

Patients on Referral

We are the largest Private Practice in Milton Keynes offering Dental Care 7 days a week. Our Orthodontists are very popular and very busy. Most of our patients have already had quotes elsewhere and come to us for treatment as we offer not just a complete choice of options but we are also very competitive on price as well.

We welcome referrals either from a dentist or indeed self referrals where the patient makes the arrangements themselves.

Patients who are referred by their dentist with usually have their regular treatment and extractions etc at their own dental practice and we will send letters etc as required.

Our patients or self referring patients are free to choose where they want to have their regular treatment (Hygienist etc) whilst they undergo their Orthodontic Treatment.

Orthodontic Consultation with Specialist Orthodontist

Patient will have a full examination and consultation with The Orthodontist.

If x-rays are taken then an addition cost will be due: £25 for large ones and £9 for small ones.
(Patients are welcome to bring their previous x-rays from their own dentist)

At the end of that visit you will be given a written estimate plan which will outline the treatment, the time frame and the cost. We also give the patients schedule of payments so that they know, in advance, exactly when all the payments are due. At this point the patient can decide to either make an appointment to start the treatment or go away or think out it.

A second appointment can be arranged if the patient wishes to ask more questions before commencing with the Orthodontic Treatment. Generally there is no extra charge for this appointment.

Cost: £0.00

Patients pay £25.00 to make the appointment and the £25.00 deposit will then be is refunded on arrival for the appointment.

The 2nd Visit

This is when the treatment will begin and generally involves taking impression, photos and other pre treatment records.

This visits involves photo's, impressions for study models and full measurements etc.

The visit normally takes 60 to 90 minutes.

You will then be given a Full treatment plan with appointment schedules

The cost for this visit is £200

The 3rd Visit

This is when the bonding up is done. The visit normally takes 60 to 90 minutes.

We normally take 50% of the orthodontic fee at this visit. (Unless other arrangements have been agreed in advance)

Subsequent visits

These are normally 30 to 60 minutes and spaced at 4 to 6 week intervals.

Payment Schedule

This is discussed with the patient in writing and is agreed before the treatment begins.

Patients are always given a copy of their Treatment Plan.

Costs

We offer Interest free finance for Orthodontic Treatment (subject to application approval etc).

We also offer low interest finance for up to 2 years.
